**MAGELLAN HILL SELECTED AS TELECOM PROVIDER FOR ONE OF
REGION'S FASTEST GROWING COMPANIES**

Telecom Firm Helps Leading Construction Company Get Wired in Cherry Hill

MOUNT LAUREL, N.J. – Magellan Hill Technologies today announced that it was selected by A&E Construction Inc., one of the region's fastest growing companies, to provide telecommunications services on all of its future construction sites.

In addition, Magellan Hill helped A&E open its new Cherry Hill offices by providing customized telecom solutions that enabled the company to be up and running quickly and with no disruption in services.

The Philadelphia Business Journal in October 2006 named A&E Construction Inc. as one of the top 100 fastest growing companies in the region.

“Magellan Hill is proud to be selected as the telecom provider for A&E and looks forward to contributing to the company's ongoing growth and success,” said Bradford M. Bono, founder and CEO of Magellan Hill Technologies. “We recognize that reliable telecommunications service have never been more important to a business as it is today and are pleased that companies like A&E look to Magellan Hill to meet their telecom needs.”

Magellan Hill has already handled the telecom needs on three A&E construction sites including, the Albert “Bo” Robinson Medium Security Prison in Trenton, N.J.; the Flourtown Shopping Center in Montgomery County, Pa., and the Southside Mall in Oneonta, N.Y.

“Magellan Hill not only provides tailored solutions to meet our unique telecommunications needs, but the level of customer service we receive is second to none,” said William J. Santora, CEO of A&E Construction Inc. “The team at Magellan Hill helped ensure our move went smoothly, and they understand how important an effective and efficient telecom system is to a company's bottom line.”

ABOUT MAGELLAN HILL

Magellan Hill provides telecommunications services to businesses in New Jersey, Pennsylvania, New York and Delaware. These services include: Internet security; conference calling; local and long distance phone service, and Internet service.

In addition, Magellan Hill offers an innovative approach to charitable giving through its U Care Now division. Under U Care Now, a percentage of a client's monthly bill is donated to a participating charity of their choice. This provides clients with an easy way to make a charitable contribution, and at the same time provides participating charities with a constant revenue stream.

Participating charities include the United Way of Camden County, the Ronald McDonald House of Southern New Jersey, the Adam Taliaferro Foundation, Lourdes Health Foundation, and the Boys & Girls Clubs of Gloucester County.
